11	\$ 10
12	\$ 10
13	\$ 10
14	\$ 10
15	\$ 10
16	\$ 10

Each team has a minimum buy-in of \$100 which secures you one keeper at that price. Additional keepers follow the cost schedule

Players are assessed a keeper cost that feeds into the league's Champion Pool

The cost is **based on the draft round** the player was selected in

Each subsequent year, the **player's cost increases by one** draft round, capping at a 1st round draft cost

Two events can affect the rise in a player's cost:

- Dropping a player onto **waivers** and picking him up
- **Trading** a player to another team

Players picked up off of **waivers** assume a 16th round draft pick for the subsequent year

Traded players **do not increase** in draft cost. If they were drafted as a 2nd round player in 2023 they remain a 2nd round cost in 2024 as opposed to moving up to a 1st round cost in 2024

The round the keeper cost is associated is **the round you lose in the draft**. If that round is already occupied, you lose a pick in the subsequent round

Voting and Representation

- Paul held three votes via power of attorney from Vesco and Briguy
- Jon and Monty abstained from any voting

Topics Discussed and Outcomes

1. **Inflation Adjustment for Player Costs:** Proposal to adjust player costs for inflation was vetoed.
2. **Briguy's First Pick Loophole:** Efforts to close this loophole failed, allowing the first overall pick to drop and pick up their top player.
3. **Trading Picks:** Discussion on whether trading picks should be allowed; no resolution provided.
4. **Monetary Award for Highest Points:** Maintained, awarding 10% to the highest points scorer.
5. **Trade Requirements:** At least one player must remain in any trade.
6. **6th Place Wild Card:** Passed, allowing a playoff wild card for the 6th place based on points, not standings.
7. **Proxy Submission:** Proxies for the Beach Summit must be submitted 24 hours in advance.
8. **Pick Chasm Rule ("Cannobie Lake"):** If a draft pick that a slide depends on is traded, the slide cannot occur unless bridged by another pick. Prevents slides into non-existent picks unless bridged by a traded pick.
9. **Last Place Bet:** The last place team must place a \$100 parlay bet with odds of +300 or greater. If won, proceeds go to the Summer Summit Budget.
10. **Losers Bracket Draft Order:** Proposal for a straight losers bracket draft order failed, but a new lottery system was established.

Draft Pick Lottery Probability (2025-2026)

- 7th Place: 10%
- 8th Place: 10%
- 9th Place: 15%
- 10th Place: 15%
- 11th Place: 25%
- 12th Place: 25%

Draft Pick Lottery Probability (2026-2027)

- 7th Place: 50%
- 8th Place: 15%
- 9th Place: 12.5%
- 10th Place: 10%
- 11th Place: 7.5%
- 12th Place: 5%

Random Thoughts and Musings

1. **Paul's Reputation:** Various humorous and derogatory comments about Paul, including unanimous approval of a statement about his dislike for "fat chicks."
2. **Verdell and George:** Negative comments about Verdell; positive note on George's values.
3. **Vesco's Presence:** Emphasis on the need for Vesco's physical presence.
4. **Proxy Concerns:** Proxies are seen as enabling Paul's tyrannical behavior.
